

Voyagers Loyalty Badge

Recognition, acknowledgement and achievement – earns the Voyagers Loyalty Badge.

This badge represents a Voyagers third trip with the group and indicates that person has demonstrated the true character of our group, as a representative of Christ.

The badge itself states a number of things that each Voyager should recognize.

- First – they are loyal to the purpose of the group (Men behaving in a Christ like manner – serving one another, showing concern and support for one another in spite of differences)
- Second – each badge holder recognizes the badge is only as effective as they are. The journey through life is a constant struggle. Adapting is a part of the learning curve. The Badge holder choosing to leave the narrow way forfeits the badge.

The Badge is made custom for each holder at the time of their 3rd trip RSVP. The badge also makes them eligible for Timber Cruiser trips and other special trips.

Badges are made custom.

- Each badge reflects the hand holding the dirk (dagger) which symbolizes the will to fight for what is right.
- The badge also is inscribed with the words LOYALTY. Because one must choose – good or evil.
- PER ARDUA – meaning ‘through difficulties (also Les Travers Difficulties).
- Badge Holders name and year awarded stamped into the leather.

Each is unique, and provides the holder an item to serve as a reminder of his choice to follow his own path in life.
